## *Praise for Marnie Vincolisi and Finding Your Inner Gifts*

*"Marnie has written a book that reflects her outstanding teaching abilities. An immense amount of knowledge and wisdom is presented in a clear and concise format that is perfect for someone beginning their training in the art of Reiki. This book was my introduction to Reiki, and although I am now a Reiki Master, I still find this to be a great reference book. Thanks Marnie for sharing your gifts with the world!"*

Kristi V. Helvig, Ph.D., Licensed Clinical Psychologist, Reiki Master

*"As a Reiki practitioner and teacher, I have used Marnie's Reiki manuals as both my own personal guide and as THE teaching manual for all levels of Reiki. Marnie is an excellent teacher and also a gifted writer with the ability to express clearly non physical experiences in a simple and profound way so that anyone can comprehend and apply the simple and powerful tools of Reiki."*

Thane Kraut, Reiki Master Teacher, Certified Massage Therapist

For anyone interested in learning more about Reiki, this is the book for you. Marnie's information is clear and easy to follow. Her enthusiasm is infectious. After level one Reiki, I could see immediate results as I was aware of the energy moving through my hands. It empowered me as an animal communicator, increasing my ability to interact with my four legged friends. I definitely recommend this book to anyone wanting to learn more about themselves and help ease any pain for the animals they love.

Pam Baca, Professional Animal Communicator

*Finding Your Inner Gifts* is a wonderfully comprehensive introduction to Reiki and spirituality. It is filled with information, which Marnie presents in a way that is easy to understand without being condescending. This book would be an excellent manual for teaching and a great addition to your personal empowerment library. It's a reference book I return to again and again.

Joani Burtard, Reiki Master Teacher

*"As a Reiki Master Teacher I use Marnie's book to teach empower others to be Reiki practitioners. The book is very thorough and comprehensive. It not only covers the essence of Reiki, but also gives other techniques to find the inner gifts that everyone has. I highly recommend this book."*

Andy L. Reiki Master Teacher, Clinical Hypno-Therapist

### **Marnie Vincolisi**

Marnie Vincolisi has been trained extensively in various schools of bodywork, meditation and Reiki (in Germany). In her practice she helps others access their personal truth, transcend their fears and doubts and realize their true purpose.

Years of research and education have led her to create a unique way of transforming complex ideas and making them simple. In her bodymind therapy treatments and classes she does not teach anything others do not already know, she simply awakens the knowledge and power within them.
